

THE BRITISH UNDERGROUND CHURCH (B.U.C.) IS LAUNCHING

THE BRITISH UNDERGROUND CHURCH

Updated September 2021

Dear Friends and Subscribers and Sponsors of the AMMC! God bless you!

Over the last two years the Lord has been showing us to begin an 'Underground Church' in the United Kingdom for the future and witness of the Gospel! Most of the details are here below in this message!

You may live in the UK or you may live in other parts of the world. However, you may find this news interesting, because what is true of what the Lord has shown us here, may also be true of many countries in the world, and you may wish to start an 'underground church' in your country! Praise the Lord.

A BASIC INTRODUCTION TO AN UNDERSTANDING OF 'THE
BRITISH UNDERGROUND CHURCH'.

Main core goals of the British Underground Church (B.U.C.)

- To prepare British and Western Christians practically and spiritually etc, for the coming violent and other serious forms of Persecution against them.
- To teach Christians how to 'live underground' and be successful for Jesus Christ in the future.
- To strengthen Christians in their prayer lives.
- To strengthen Christians in the Ministry of Outreach/Evangelism and Witnessing in its many forms.
- To reach the younger generation of the UK with the message of hope, The Gospel
- To help us all be more 'Global Christians', focussed on fulfilling the Great Commission Christ gave us.
- To strengthen Christians in their knowledge of the Word of God.
- To strengthen our overall relationship with the Lord.

Our initial plans. From the Founder of the BUC.

- The vision the Lord gave me, and which others have confirmed to me over the last few years, is to offer British Christians, (wherever they are in the world, but primarily of course here in the UK), training and encouragement and pastoral care to prepare us all for the violent and strong persecution that will come to us in the UK in the years ahead.
- Primarily this training will be done via email or post. This initial training in the basics of the Christian faith and in security and the art of living underground, will take somewhere between 8 months to a year.
- Along with this, we would hope to eventually know or visit in some way each of the people signing up to this project
- We are expecting we will become a voluntary organisation of very like-minded believers in Jesus learning to work clandestinely for Him in this country and indeed in others as well!

DRY BONES

Ezekiel 37. Dry Bones!

Many of us may be familiar with the story of the dry bones in Ezekiel chapter 37.

This is one of the Words from the Lord He gave me in starting this underground movement or 'church'. We can assume there are many Christians in the UK and the world who often feel like dry bones.

However, the Lord can make us alive and into a mighty army! This is His promise, as we yield to the breath of His Holy Spirit! Such an 'army' would be able to spiritually conquer everything in front of it which is exactly God's plan for us today.

WE OFFER

TRAINING IN EVANGELISM

TRAINING

Usually via e-mail) in the Word and the main tenets of our Christian faith if you feel you need or can benefit from this.

TRAINING IN SECURITY

How to operate in a closed and hostile-to-the-gospel society, which will be very similar to how my colleagues and I operated in China.

SHEPHERDING

Pastoral care if you wish to have it

REGULAR COMMUNICATION

If you wish and desire.

REGULAR TWO WAY PRAYER REQUEST

Fostering an increase in our mutual prayer lives.

OUR REQUIREMENTS

1. New member(s) must understand and agree with the main tenets of the Christian faith: Salvation, Holy Spirit, Evangelism, Creation, End times, Prayer and Praise, Study of the Word of God etc.

2. They must like or be willing to learn how to do personal and/or group evangelism. Be either willing to receive training for this or discuss and agree together on the best ways you can do this in your situation.

3. Be willing to take a 2 to 3-month (email or postal) security training to learn how to live underground if necessary, as a Christian.

4. Learn and understand the importance of the Great Commission Jesus gave us.

5. Fill out a simple 'report' to the Pastors of the organisation (British Underground Church) every two months in some way. (This would be relatively simple, including outreach experiences, and prayer requests, lessons, spiritual victories and battles, and any thoughts and opinions you may have, etc.)

6. Be willing to donate 2% of their monthly income to this organisation.

WHO

ARE

BUC is founded by a brother who worked a long time in China. He is supported and helped by a small core team of other committed Christians and elders/ Pastors who believe in this vision and the need for it both now and in the future.

WHAT WE ARE NOT

We are not intending to take the place of your fellowship or church, but we are expecting to fill a genuine need in the lives of many believers here who wish to go deeper and to whom God has also revealed the prospect coming troubles and persecutions which are almost unimaginable today. To you, we extend a very warm hand of Welcome and Friendship!

We expect our mutual fellowship will greatly strengthen all of us and help make Jesus known to many others in the days ahead.

DATA PROTECTION

All information that is received from subscribers/members is stored either on remote encrypted storage servers like 'proton mail' 'hushmail.com'. So when we wish to access your details, we will access them from these secure locations or from a 'whole disk encryption' system like 'PGP' or similar.

Your details will never be shared with any third parties.

We encourage all new members to open an account for their emails with us at either Proton Mail, Hush Mail or another similar secure provider for communications with us in the future.

OTHER USEFUL INFORMATION

A	<ul style="list-style-type: none">• God bless you all. I am encouraged by progress however small. I am also encouraged by the need for the BUC, as we can see the signs of the times getting worse all across the western world. The deliberate attempt to overthrow the western Judeo-Christian culture is so obvious in Australia, Canada and New Zealand, (Nearly accomplished in those last two countries), the USA (just waiting for the possible CHI-COM invasion and other major leftist plans)

B	<p>....and that leaves the UK, It seems to me we have two choices as Christians in the UK: both may be viable. The first is to continue to operate in the public sphere in our jobs, public sector, and private sector etc. In these places, we can witness and be an example of the Gospel and we can evangelise in many ways at the present moment, and also witness through our lives and opinions and churches, and so on. How long this will be able to continue is anyone's guess.</p>

C	<ul style="list-style-type: none">• The second option is to learn to go underground now just as we did in China, to become anonymous, and learn to be guided by the Lord and the Holy Spirit, supernaturally to the right people who God wants to reach. This is an art and a skill and requires training and prayer and is also very exciting! I believe the BUC can help people in both these areas.
